

TELE DI *Narmi* RELOADED

EMIL
CERAMICA

*Emilceramica con la collezione **Tele di Marmo Reloaded**, prosegue il suo percorso interpretativo di uno dei materiali più belli, nobili e durevoli che da sempre impreziosisce lo spazio con eleganza e forza architettonica. Il progetto nasce dall'idea di rileggere in chiave contemporanea un materiale dal fascino intramontabile come il marmo, grazie a una scelta non convenzionale di formati, finiture ed elementi decorativi. Cinque nuove proposte di marmi naturali e lappati che trovano la loro massima espressione nei formati delle grandi lastre, dove le venature diventano assolute protagoniste. Gli andamenti fluidi, le tonalità cromatiche e le sfumature in cadenza delle diverse vene rendono le Tele di marmo Reloaded vere e proprie opere d'arte. Innovative le superfici che propongono pose alternative di porzioni di lastre di marmo: ad esempio, il seminato di tessere o il battuto di listelli, realizzati attraverso una accurata posa nella malta di piccole tessere o listelli rettangolari di marmo. L'effetto che si ottiene è una superficie più moderna, inusuale e dinamica. Particolare è la superficie delle doghe di marmo accostate tra loro. Una soluzione in grado di sdrammatizzare l'aspetto più classico del marmo, andando a creare ambienti di grande impatto estetico. Una collezione versatile, che offre al progettista una serie infinita di soluzioni per design, formati, colori e apparati decorativi, per dar vita e forma a progetti architettonici tailor made.*

DECORI

Un apparato decorativo di mosaici arricchisce ulteriormente la serie consentendo massima versatilità di posa.

*With the **Tele di Marmo Reloaded** collection, Emilceramica continues its interpretation of one of the most beautiful, noble and durable materials, which has always embellished spaces with elegance and architectural strength. The project originated from the idea of reinterpreting marble, a material of timeless charm, in contemporary key through an unconventional choice of sizes, finishes and decorative elements. Five new natural and semi-polished marbles find their highest expression in the large slab sizes, where the vein patterning becomes the absolute star. The flowing lines, colour shades and nuances in step with the different veins make the Tele di Marmo Reloaded fully-fledged works of art. The surfaces are innovative, offering alternative installations of the marble slab portions: for example, the "seminato di tessere" or the "battuto di listelli", created by carefully laying tiny dots or rectangular marble strips in mortar. The effect achieved is a more modern, unusual and dynamic surface. One particular detail is the surface created by combining marble slats. This solution plays down marble's monumental character, creating environments with great aesthetic impact. A versatile collection that offers the designer an infinite series of solutions by way of designs, sizes, colours and decorative possibilities, giving life and form to tailor-made architectural projects.*

DECORS

A decorative selection of mosaics further enhances the series, creating the maximum versatility of installation.

QUARZO
Kandinsky

Quarzo Kandinsky si ispira ad uno dei materiali più antichi e affascinanti. Il colore di fondo tendente all'avorio è attraversato da venature giallo dorate, calde, dai tratti più o meno intensi, che rincorrendosi disegnano sulla superficie immagini evocative di estrema bellezza.

Quarzo Kandinsky is inspired by one of the loveliest, most ancient materials. The almost ivory background colour is pierced by warm, golden yellow vein patterns of varying intensity, which create evocative images of great beauty as they flow across the surface.

MARFIL
Ordóñez

Marfil Ordóñez si ispira al marmo iberico per eccellenza. La superficie uniforme è interrotta dal disegno delle venature tenui, sobrie e impercettibili, che si fondono nel contrasto del colore predominante del beige caldo.

Marfil Ordóñez is inspired by the finest of all Spanish marbles. The uniform surface is interrupted by the delicate, subtle, almost imperceptible vein patterns, which blend into the contrasts in the predominant warm beige colour.

Avec la collection *Tele di Marmo Reloaded*, Emilceramica poursuit son œuvre interprétative de l'un des matériaux les plus beaux, les plus nobles et les plus durables, à même d'enrichir l'espace d'élégance et de force architecturale.

Le projet repose sur une idée : traduire dans une veine contemporaine ce matériau au charme intemporel qu'est le marbre, à travers un choix « inhabituel » de formats, de finitions et d'éléments décoratifs.

Cinq nouvelles versions de marbres naturels et rodés, dont l'expression est portée à son paroxysme par le format des grandes dalles, où les veines deviennent les protagonistes incontestées. Les lignes sinueuses, les nuances de couleurs et les dégradés réguliers font de *Tele di Marmo Reloaded* des œuvres d'art à part entière.

Innovantes, les surfaces permettent d'alterner la pose des dalles en marbre : par exemple, un « seminato di tessere » ou un « battuto di listelli », réalisés avec soin en posant dans le mortier des petites tesselles ou des listels rectangulaires de marbre. Le résultat : une surface plus moderne, insolite et dynamique.

Associées entre elles, les lattes de marbre forment une surface unique et singulière. Une solution apte à édulcorer l'aspect plus classique du marbre pour composer des ambiances à l'effet esthétique puissant.

Une collection polyvalente, offrant au concepteur une infinité de solutions en termes de design, formats, couleurs et décors, pour donner vie à des projets architecturaux sur mesure.

DÉCORS

Des décors de mosaïques enrichissent davantage la collection et multiplient les possibilités de pose.

Mit der Kollektion *Tele di Marmo Reloaded* setzt Emilceramica die Interpretation eines der schönsten, edelsten und langlebigsten Materialien fort, das jedem Raum eine elegante, charakterstarke Ausstrahlung verleiht.

Mit einer ungewöhnlichen Auswahl an Formaten, Oberflächen und Dekorationen übersetzt das Konzept den zeitlosen Charme von Marmor in moderne Gestaltungswelten.

Die Kollektion wird um fünf neue Marmore in den Oberflächen natürlich und geläpft erweitert. Besonders auf den großformatigen Platten zeigen sich ihre Äderungen in ihrer ganzen Schönheit. Die fließenden Farbverläufe, naturnahen Nuancen und feinen Farbstufungen der Linien und Strukturen machen die Platten der Kollektion *Tele di Marmo Reloaded* zu wahren Kunstwerken. Neue Oberflächengestaltungen inspirieren zu neuen Verlegemustern: beispielsweise die Kreationen „seminato di tessere“ oder „battuto di listelli“, die aus akkurat im Mörtelbett angeordneten Marmorsteinchen oder -stäbchen bestehen. So entstehen moderne, ungewöhnliche Flächenbilder, die eine besondere Dynamik ausstrahlen.

Besonders apart ist die Variante „doghe“ in Dielenoptik. Sie übersetzt die klassische Anmutung von Marmor in die Gegenwart und ermöglicht eindrucksvolle Interieurs.

Die vielseitige Kollektion bietet dem Planer eine umfassendes Spektrum von Dessins, Formaten, Farben und Dekorationen zur Umsetzung maßgeschneiderter Projekte.

DEKORATIONEN

Mosaïke runden die Kollektion ab und eröffnen vielseitige Verlegemöglichkeiten.

Con la colección *Tele di Marmo Reloaded* Emilceramica da continuidad a su trayectoria interpretativa de uno de los materiales más hermosos, nobles y duraderos que desde siempre viene embelleciendo el espacio con elegancia y fuerza arquitectónica.

El proyecto nace de la idea de releer en clave contemporánea un material de encanto imperecedero como el mármol, gracias a una selección nada convencional de formatos, acabados y elementos decorativos.

Son cinco las nuevas propuestas de mármoles naturales y esmerilados que hallan su máxima expresión en los formatos de placas grandes, donde las vetas se convierten en protagonistas absolutas. Las formas fluidas, las tonalidades cromáticas y los matices en cadencia de las varias vetas hacen de *Tele di Marmo Reloaded* unas auténticas obras de arte. Innovadoras las superficies que proponen colocaciones alternativas de porciones de placas de mármol: por ejemplo, el seminato di tessere o el battuto di listelli, realizados por medio de una esmerada colocación en el mortero de pequeñas teselas o plaquetas rectangulares de mármol. El efecto que se consigue es una superficie más moderna, inusual y dinámica.

Resulta de lo más original la superficie de duelas de mármol combinadas entre sí. Esta solución confiere un aire desenfadado al mármol, rompiendo con su aspecto más clásico y dando lugar a ámbitos de gran impacto estético.

Una colección versátil que le ofrece al proyectista una serie infinita de soluciones por su diseño, formatos, colores y aparatos decorativos, para dar vida y forma a proyectos arquitectónicos hechos a medida.

DECORACIONES

Un aparato decorativo de mosaicos enriquece ulteriormente la serie posibilitando la máxima versatilidad de colocación.

Коллекцией *Tele di Marmo Reloaded*, компания Emilceramica продолжает следование по пути интерпретации одного из самых красивых, престижных и долговечных материалов, который всегда украшал интерьеры своей эlegantностью и архитектурной силой.

Проект появился на свет благодаря стремлению пересмотреть в современном ключе материал с немеркнущим очарованием, которым является мрамор, используя в этом необычный выбор форматов, отделок и декоративных элементов.

Пять новых предложений натурального и шлифованного мрамора, находящие свое наивысшее выражение в форматах больших плит, где рисунок мрамора бесспорно является основным элементом. Плавный рисунок, цветовые тона и оттенки, сочетающиеся с разными прожилками, превращают *Tele di Marmo Reloaded* в настоящие произведения искусства. Инновационными являются поверхности, предлагающие альтернативную укладку кусочков мраморных плит: например, *Seminato di tessere* из кусочков или же *Battuto di listelli* из длинных реечек, которые получаютя укладкой на цемент этих мелких элементов. Получающийся эффект - более современные, необычные и динамичные поверхности.

Особенной является поверхность из уложенных друг рядом с другом мраморных реек. Решение, способное снизить драматичность наиболее классического типа применения мрамора, создавая интерьеры с выраженным эстетическим эффектом.

Это - универсальная коллекция, предлагающая дизайнеру бесконечное разнообразие решений для оформления, форматы, цвета и системы декора, чтобы вдохнуть жизнь и придать форму архитектурным проектам на заказ.

ДЕКОРЫ

Декоративная система мозаики дополнительно обогащает эту серию, обеспечивая наивысшую универсальность укладки.
