ENTSPANNEND FÜR SIE

SVILUPPATO PER SUPERFICI BAGNATE.
RILASSANTE PER VOI

DÉVELOPPÉ POUR DE SURFACES MOUILLÉES.
RÉLAXANTS POUR VOUS.

DESARROLLADO PARA SUPERFICIES MOJADAS.
RELAJANTE PARA USTED

GRIP+
TILES 

PROVIDES SUPPORT WHEN YOU NEED IT

GRIP+, the groundbreaking surface finishing for selected Porcelaingres floor tiles, unfolds its full strength wherever it gets wet and damp. This is because GRIP+ actively reduces the risk of slipping on the floor when exposed to moisture. Thanks to their innovative microcrystals, these new tiles have a lifelong durability of their slip resistance class A+B. Thus they meet the requirements for barrier-free family bathrooms and age-appropriate bathroom renovations.

Grip+ gibt halt, wenn Sie ihn brauchen.

GRIP+, die bahnbrechende Oberflächenveredelung für ausgesuchte Porcelaingres Bodenfliesen, entfaltet Ihre ganze Stärke über-all dort, wo es einmal feucht und nass werden könnte. Denn GRIP+ reduziert bei Nässeeinwirkung aktiv die Rutschgefahr des Bodens. Dank innovativer Mikrokristalle besitzen die neuartigen Fliesen bei lebenslanger Haltbarkeit die Rutschhemmungsklasse A+B. Sie erfüllen damit die Förderbedingungen für barrierefreie Familien-bäder sowie die altersgerechte Badrenovierung.

Grip+ fornisce aderenza quando ne hai bisogno.

GRIP+, l'innovativa finitura superficiale per pavimenti Porcelaingres selezionati, che agisce efficacemente su qualsiasi superficie umida o bagnata. GRIP+ riduce attivamente il rischio di scivolare sul pavimento quando è bagnato. Grazie ai suoi innovativi microcristalli, la superficie acquisita una classe di resistenza allo scivolamento A+B garantita a vita.

Grip+, offre une adhérence à l'utilisation

GRIP + l'innovante finition de surface pour les sols sélectionnés, qui agit de façon efficace sur toutes les surfaces humides ou mouillées. GRIP + réduit activement le risque de glisser sur le sol humide. Grâce à ses microcristaux innovants la surface obtient un coefficient antidérapant A+B garanti.

Grip+ Proporciona adherencia cuando la necesitas

GRIP+, el innovador acabado superficial para suelos Porcelaingres seleccionados, que actúa eficazmente sobre cualquier superficie húmeda o mojada. GRIP+ reduce activamente el riesgo de deslizarse por el suelo cuando está mojado. Gracias a sus innovadores microcristales, la superficie del agua adquiere una clase de resistencia al deslizamiento A+B garantizada de por vida.

Possesses slip resistance class A+B

Alle Fliesen besitzt en die Rutschemmungsklasse A+B

Possiede il coefficiente di scivolosità A+B

Possède un coefficient antiglisse A+B

Posee el coeficiente de deslizamiento A+B

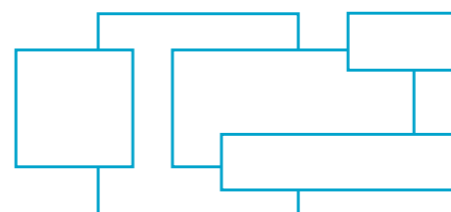

Two different thicknesses are available (6 and 8 mm).

Es sind zwei unterschiedliche Stärken verfügbar (6 und 8 mm).

Sono disponibili due diversi spessori (6 e 8 mm).

Deux épaisseurs différentes sont disponibles (6 et 8 mm).

Hay dos espesores diferentes disponibles (6 y 8 mm).

Due to the combination of superior slip resistance and ease of cleanability, GRIP+ is an ideal solution for commercial kitchens, bathrooms, swimming pool surfaces and much more.

Mit einer Kombination aus überlegener Rutschfestigkeit und leichter Reinigungsfähigkeit ist GRIP+ eine ideale Lösung für Großküchen, Badezimmer, Schwimmbadoberflächen und vieles mehr.

Avec une combinaison de résistance à la glissance supérieure et la facilité d'entretien, GRIP+ est la solution idéale pour les cuisines et les salles de bain de chaque habitation.

Con una combinazione di resistenza allo scivolamento superiore e facilità di pulizia, GRIP+ è una soluzione ideale per cucine commerciali, bagni, superfici di piscine e molto altro ancora.

Con una combinación de mayor resistencia al deslizamiento y facilidad de limpieza, GRIP+ es una solución ideal para cocinas comerciales, baños, piscinas y mucho más.

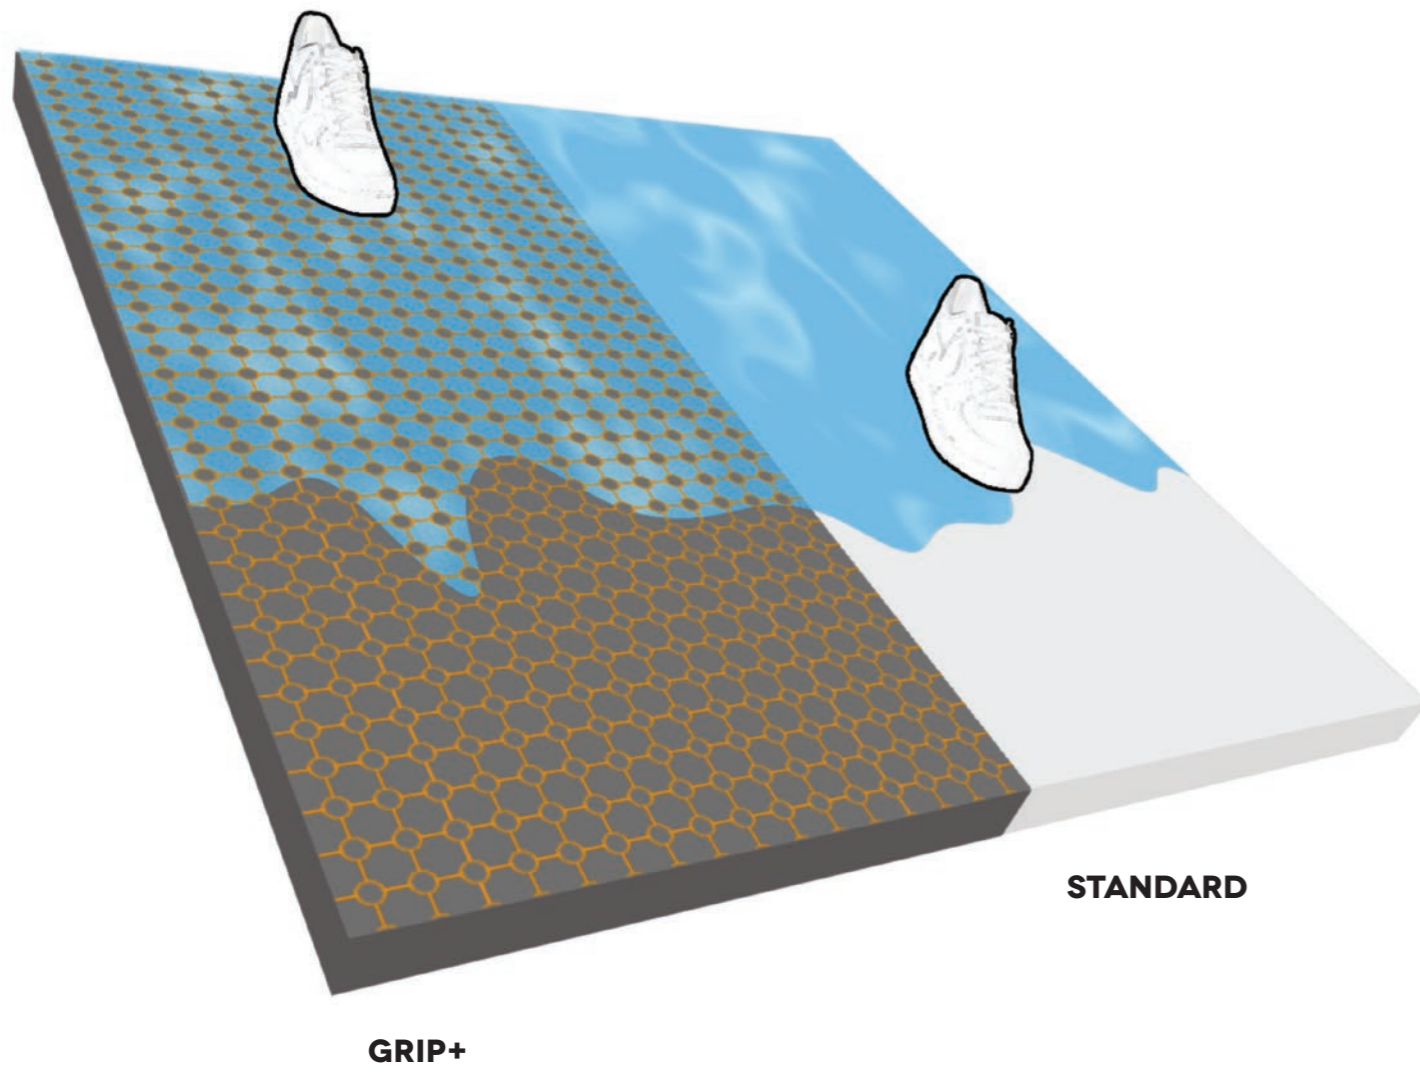

50% MORE SLIP RESISTANCE

50% MEHR RUTSCHFESTIGKEIT

50% DI RESISTENZA ALLO SCIVOLAMENTO IN PIÙ

50% DE RÉSISTANCE À LA GLISSANCE EN PLUS

50% DE RESISTENCIA AL DESLIZAMIENTO

GRIP+ STYLE WITH CERTAINTY

RELIABLE

Actively reduces the risk of slipping when exposed to moisture

DURABLE

Innovative microcrystals with life-long durability

CERTIFIED

Fulfils the requirements for barrier-free family bathrooms and age-appropriate bathroom renovations

EASY TO CLEAN

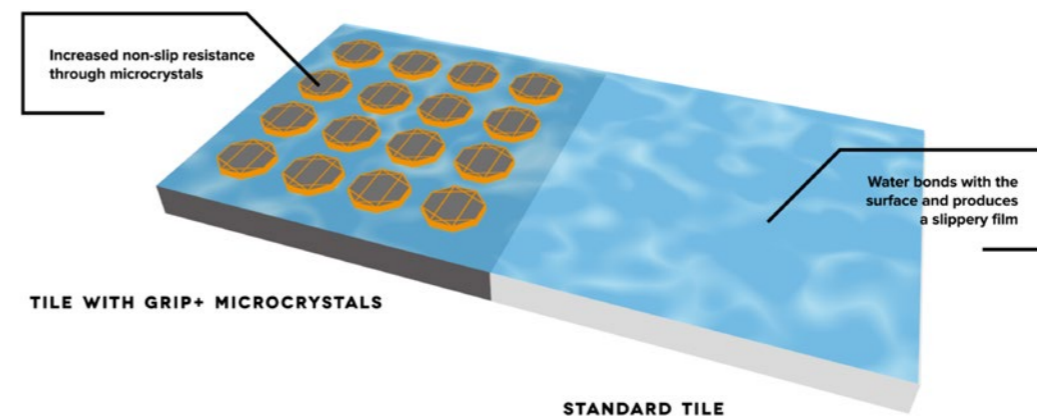

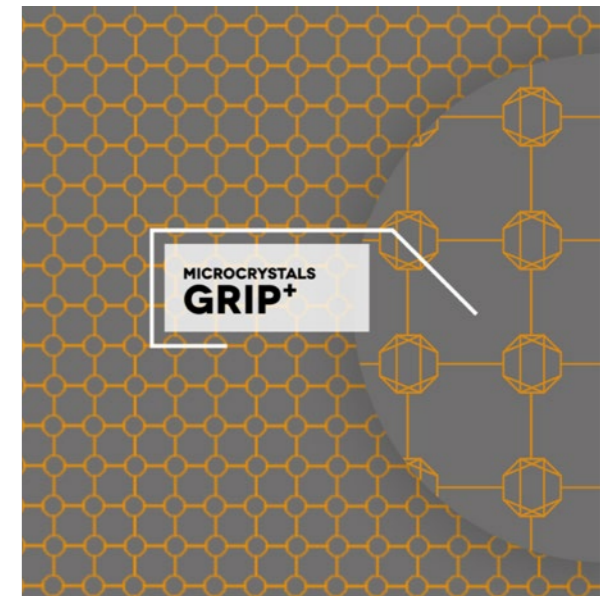

The surface offers the best conditions for effortless cleaning.

SAFE

Free of toxic chemicals to keep you and your family safe.

MANUFACTURED IN GERMANY

Made of regional raw materials

GRIP+ is more than just a surface technique or a non-slip coating. GRIP+ is integrated into our high-quality porcelain stoneware tiles before firing to increase their dynamic slip resistance class.

GRIP+

STIL MIT SICHERHEIT

ZUVERLÄSSIG

Reduziert aktiv die Rutschgefahr des Bodens bei Nässeinwirkung

HALTBAR

Innovative Mikrokristalle mit lebenslanger Haltbarkeit

ZERTIFIZIERT

Erfüllt die Förderbedingungen für barrierefreie Familienbäder und altersgerechte Badrenovierung

REINIGUNGSFREUNDLICH

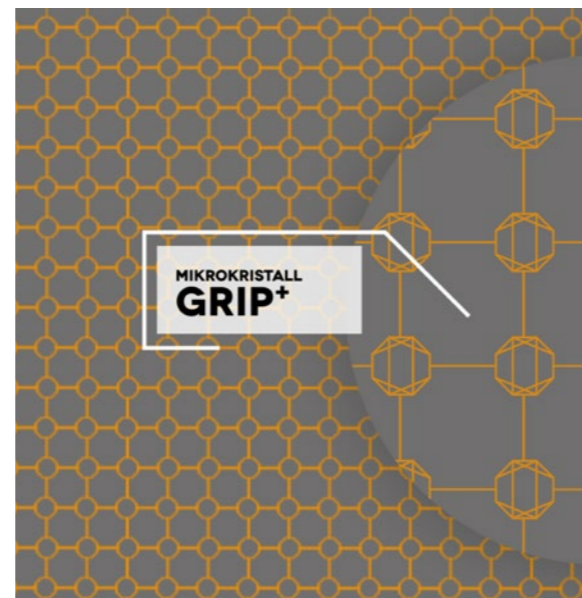

Die Oberfläche bietet beste Voraussetzungen für eine mühelose Reinigung.

SICHER

Frei von giftigen Chemikalien, damit es für Sie und Ihre Familie sicher ist

HERGESTELLT IN DEUTSCHLAND

Hergestellt aus regionale Rohstoffen

AFFIDABILE

Riduce attivamente il rischio di scivolamento del pavimento se esposto all'umidità

STABILE

Microcristalli innovativi garantiti a vita

CERTIFICATO

Soddisfa le condizioni di finanziamento per i bagni familiari senza barriere e ristrutturazione del bagno in base all'età

FACILE DA PULIRE

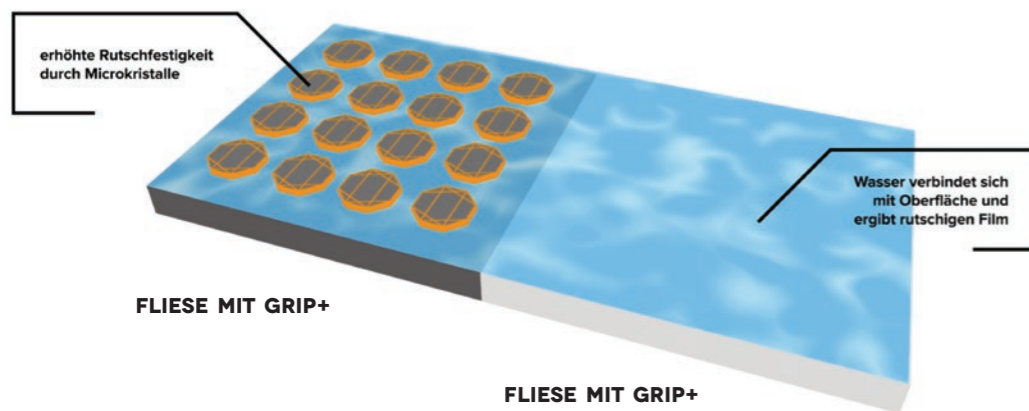

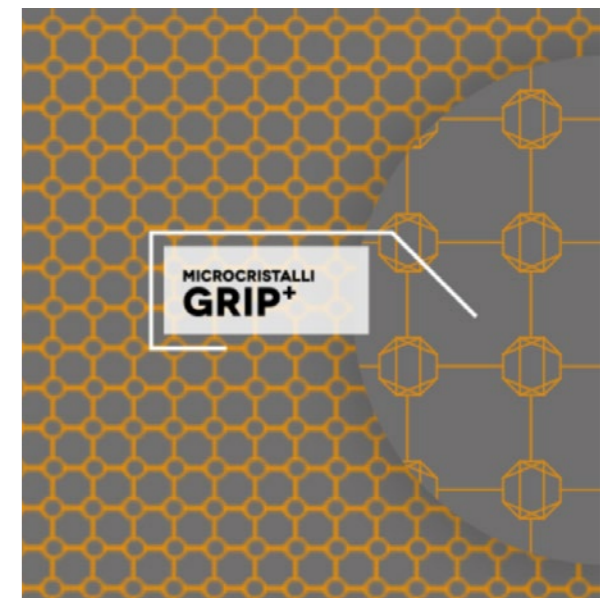

La superficie offre le migliori condizioni per una pulizia senza sforzo.

SICURO

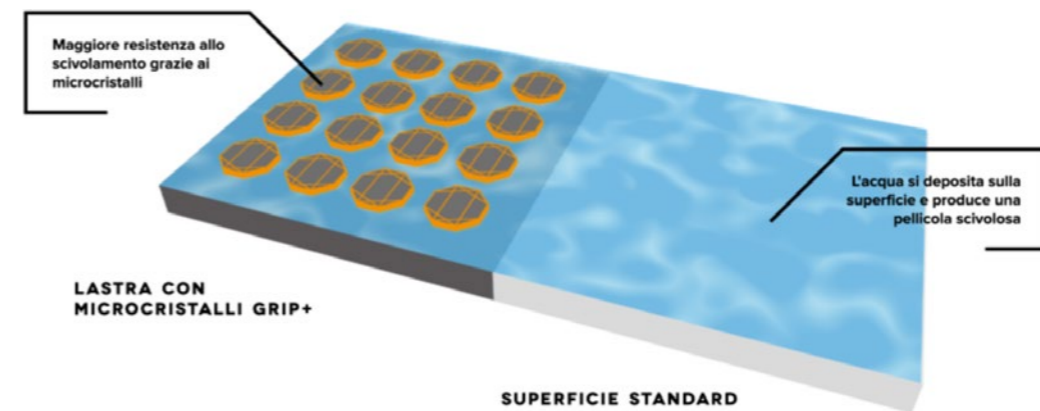

Privo di sostanze chimiche tossiche per mantenere voi e la vostra famiglia al sicuro.

PODOTTO IN GERMANIA

Realizzato con materie prime regionali

GRIP+ ist mehr als eine Oberflächentechnik oder eine rutschfeste Beschichtung. GRIP+ wird vor dem Brennen in unsere hochwertigen Feinsteinzeugs-fliesen integriert, um ihre dynamische Rutschhemmungsklasse zu erhöhen.

GRIP+ è più di una semplice tecnologia di superficie o di un rivestimento antiscivolo. GRIP+ è integrato nelle nostre lastre in gres porcellanato di alta qualità prima della cottura per aumentare il loro coefficiente dinamico di scivolosità.

GRIP+

STYLE AVEC SÉCURITÉ

GRIP+

ESTILO CON SEGURIDAD

FIABLE

Réduit activement le risque de glisser sur le sol si exposé à l'humidité.

STABLE

Microcristaux innovants garantis à vie

FACILE A NETTOYER

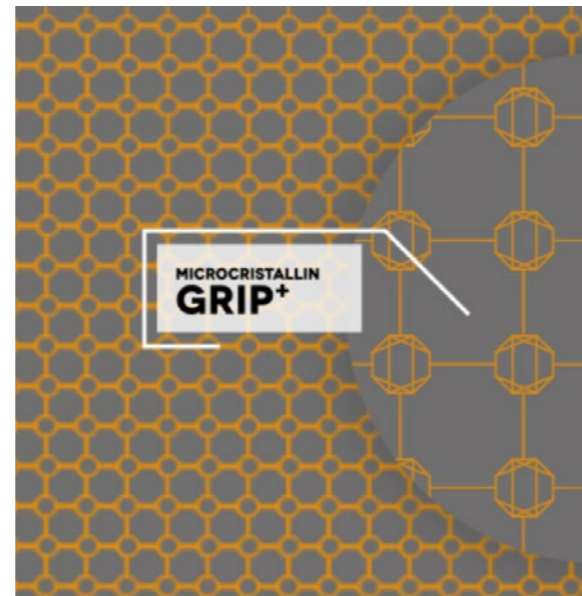

La surface offre les meilleures conditions pour un entretien sans efforts

SUR

Sans produits chimiques toxiques afin de Vous maintenir en sécurité ainsi que Votre Famille

FABRIQUE' EN ALLEMAGNE

Réalisé avec des matières premières régionales

FIABLE

Reduce activamente el riesgo de deslizamiento del suelo cuando se expone a la humedad

ESTABLE

Microcristales innovadores garantizados de por vida

CERTIFICADO

Cumple las condiciones de financiación para los baños familiares sin barreras y renovación del baño según la edad

FÁCIL DE LIMPIAR

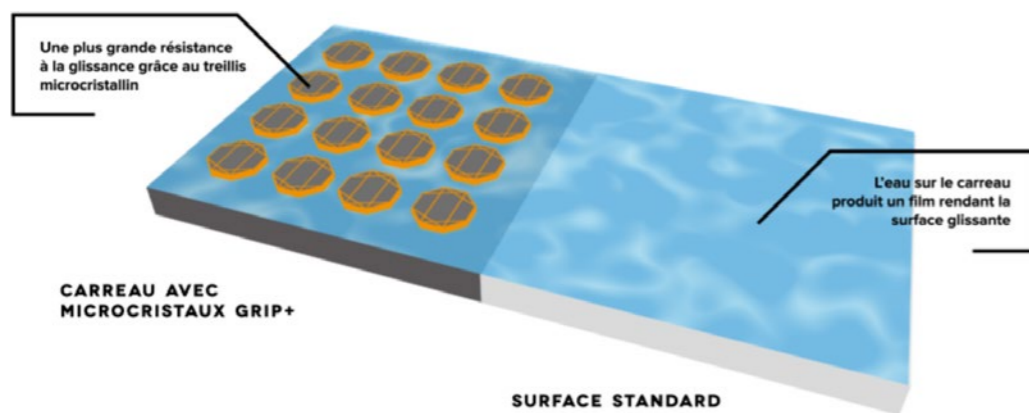

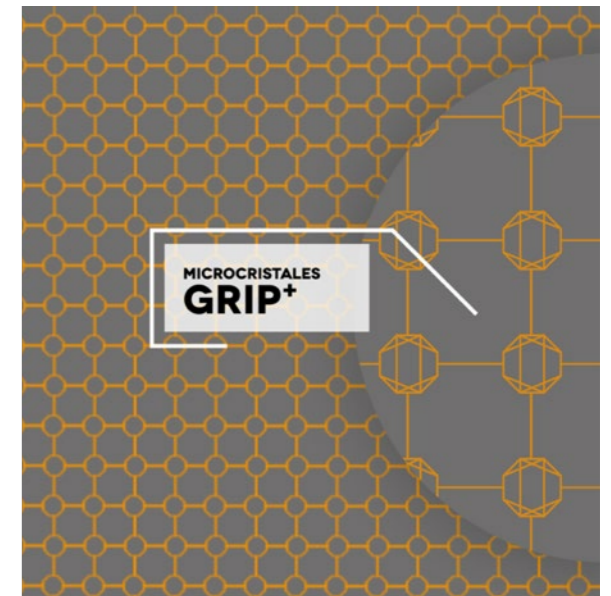

La superficie ofrece las mejores condiciones para una limpieza sin esfuerzo.

SEGURO

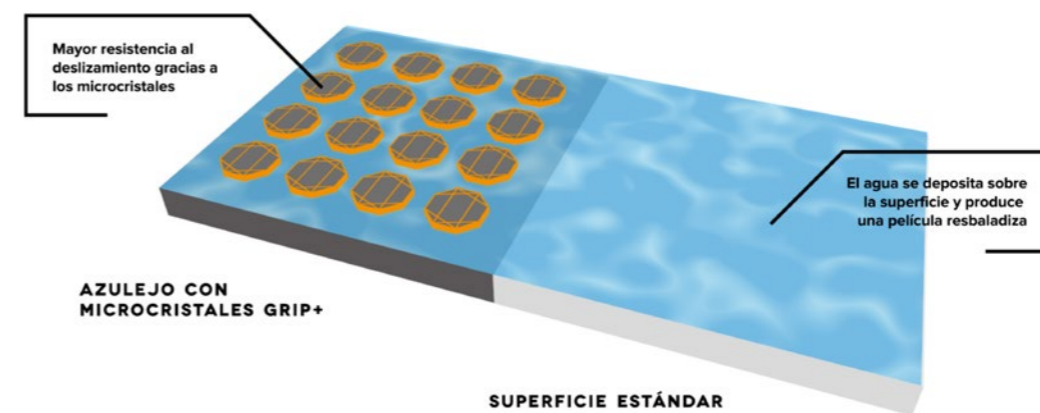

Libre de químicos tóxicos para mantenerte a ti y a tu familia a salvo.

PRODUCIDO EN ALEMANIA

Fabricado con materias primas regionales

GRIP+ n'est pas qu'une simple technologie de surface ou d'un revêtement antidérapant. GRIP+ est intégré dans nos dalles en grés cérame de haute qualité avant la cuisson afin d'en augmenter leur coefficient de glissance.

GRIP+ es más que una simple tecnología de superficie o un revestimiento antidslizante. GRIP+ se integra en nuestras placas de gres porcelánico de alta calidad antes de la cocción para aumentar su coeficiente dinámico de deslizamiento.
